

To the FDA:

RE: DOCKET NO. 98N-1265

I send this letter as a consumer of healthcare services to register my concern and disapproval of the Memorandum of Understanding as published by the FDA on January 21, 1999.

In its present form, the MOU, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of the physicians and patients to obtain healthcare products from the provider of their choice. It also infringes on the rights of compounding pharmacists to serve the public's medical needs. As a healthcare consumer, there should be no restrictions to the delivery of a compounded medication prescribed for me, regardless of where I may live or may travel. The MOU must be amended!

PS. I not only take care of myself, but still work.

Signed:

*Tessie Dolan* (Sam 76)

State of Residence:

*New Jersey*

Comments:

*My health is in jeopardy because of L.D.A. putting restrictions, on the compounded medication I need. I'm highly allergic to regular drugs. I would appreciate, if you could <sup>consider</sup> my health concerns, that work for me.*
